Subject: Re: Neighbourhood Plan

To Totnes Town Councillors

Please help me to dare to believe that we can buck the trend of profits before people & continue to be a town that leads the way in alternative, creative yet realistic approaches to our modern problems; often dictated to us by those who have no connection to Totnes.

I believe the Atmos Plan, in its entirety, put forward by TCDS can offer a balanced use of that derelict site that is such an eyesore for visitors arriving by train.

I believe it is a manifestation of another way and will also demonstrate to others that it is possible for a community to resist the shortsighted profiteering of developers.

People love visiting our town and often stay , as I did myself 20 years ago, we have to accommodate them without destroying the very thing that draws us here.

Thank you

Christine
