Subject: C12 amendment of the Neighbourhood Plan

Hello there,

I would like to lodge my support for the amendment brought by Totnes Town Council to the Neighbourhood Plan known as C12. The former Dairy Crest site is a complex and hugely important site for the town and I fully support the proposal to ensure that it is developed with the interests of the town at its heart. I particularly support the need for community owned housing: decent homes for local people which would enable our community to thrive as well as the execution of proper flood defences to complete the town's protections.

Many thanks,

Bethan Edwards
